Over 2300 sq. feet of finished space in this three bedroom, two-and-a-half bath home with 2.5 car garage! Updated hall and half baths, stainless steel appliances, new furnace and a/c this year, and freshly finished lower level are just some of the great features here.

There are other bonuses as well. There is a craft room off the laundry area with sink for you to do your hobbies, fenced lawn for pets and small children, deck and patio for grilling and outdoor fun. With living, family, and rec rooms, there is room for everyone to spread out and relax!
